3. Attendance Management

Track employee attendance daily

Daily Attendance Tab

The attendance screen allows you to mark daily attendance for all employees:

- Select date using the date picker
- Click 'Load Employees' to see employee list
- Or click 'Load Saved' to load previously saved attendance

Attendance Status Options

P - Present	Full day present (counts as 1 day)
A - Absent	Not present (counts as 0 days)
HD - Half Day	Half day attendance (counts as 0.5 day)
WO - Weekly Off	Scheduled off day (paid)
L - Leave	Approved leave (paid)

Advances Feature

- Enter advance amount given to employee
- Select type: Cash, UPI, or Bank Transfer
- Add notes for reference
- Advances are deducted from salary automatically

Monthly View Tab

- View monthly summary of all employees
- See total present, absent, half-days, leaves
- Export monthly report to Excel

3. Attendance Management (contd.)

Best practices and tips

How to Mark Attendance

1. Select today's date (or any date for past entries)
2. Click 'Load Employees' button
3. For each employee, click the status button (P/A/HD/WO/L)
4. If giving advance, enter amount and select type
5. Click 'Save All' to save attendance

Tips for Attendance

- Mark attendance daily to avoid backlog
- Use 'Load Saved' to continue from where you left
- Weekly offs should be marked as 'WO' not 'A'
- Approved leaves should be marked as 'L'
- Attendance directly affects salary calculation

4. Bhojan Guru

Smart Menu Suggestions

What is Bhojan Guru?

Bhojan Guru is an intelligent menu suggestion system that:

- Suggests daily thali based on Maharashtra region & day
- Helps maintain variety in menu
- Provides authentic Maharashtrian food suggestions
- Can be shared directly to WhatsApp

Regional Thali Concept

Each day features a different region of Maharashtra:

Sunday	Kolhapur - Mahalaxmi Thali
Monday	Vidarbha - Nagpur Thali
Tuesday	Konkan - Coastal Thali
Wednesday	Marathwada - Ch. Sambhajinagar Thali
Thursday	Khandesh - North Maharashtra Thali
Friday	Western Maharashtra - Pune Thali
Saturday	Mumbai Special Thali

4. Bhojan Guru (contd.)

Using the feature

How to Use Bhojan Guru

5. Guest Response AI

AI-powered guest query handling

What is Guest Response AI?

Guest Response AI helps you respond to guest queries professionally:

- Uses AI to generate contextual responses
- Knows about each center's details (address, phone, etc.)
- Provides consistent, professional replies
- Handles common questions about menu, timings, etc.

How to Use Guest Response

1. Navigate to 'Guest Response' from sidebar
2. Select the center from dropdown (to get center-specific info)
3. Type the guest's question in the input box
4. Click Send button or press Enter
5. AI will generate a professional response
6. Copy the response to share with guest

Quick Questions (Pre-built)

- 'What are the timings?' - Get center timings
- 'Do you have parking?' - Parking information
- 'Is the food vegetarian?' - Menu information
- 'What's in the thali?' - Thali contents

5. Guest Response AI (contd.)

Tips and examples

Example Queries & Responses

Guest: 'What is your address?'

AI Response: 'Thank you for your interest! Our [Center] is located at [Full Address]. You can reach us at [Phone Number].'

Guest: 'Do you serve non-veg?'

AI Response: 'Purnabramha is a pure vegetarian restaurant serving authentic Maharashtrian cuisine. All our dishes are 100% vegetarian.'

Center Information Panel

The right panel shows selected center's details:

- Center name and code
